REPORT OF THE ADJUTANT GENERAL

Albany, December 31, 1932

His Excellency Franklin D. Roosevelt, Governor of New York, Albany, New York.

Sir:—Herewith is submitted the report of The Adjutant General of the State respecting the administration of the Division of Military and Naval Affairs of the Executive Department for the year 1932, pursuant to Section 17 of the Military Law.

NATIONAL GUARD

The National Guard continues to maintain a high state of efficiency and readiness for active duty. The strength of the active federalized National Guard on this date is 1,424 officers, 20 warrant officers and 19,722 enlisted men. The report of the Commanding General, National Guard, is attached hereto as Appendix A.

NAVAL MILITIA

The Naval Militia during the past year has gained substantially in morale and general proficiency. The strength of the active Naval Militia on this date is 127 officers and 1,503 enlisted men. The report of the Commanding Officer, Naval Militia, is attached hereto as Appendix B.

RESERVE COMPONENTS

National Guard Reserve.—The strength of the National Guard Reserve on this date is 265 officers and 969 enlisted men.

State Reserve List.—The strength of the State Reserve List on this date is 377 officers.

State Retired List.—The strength of the State Retired List on this date is 200 officers.

Independent Organizations.—The recognized independent military organizations of the State have an active membership on this date of 643 officers and other men.

Total Strength

The total strength of all uniformed forces indicated above follows:

Active officers and enlisted men	22,796
Reserve and Retired officers and enlisted men	1,811
Independent organizations	643

Total	 25,250
rotar	 40,400

During the past year Your Excellency appointed and commissioned 233 officers in the active National Guard, 110 of these were through promotion, and 123 were original commissions. Of the latter all were from the ranks of the National Guard or Reserve forces, except 35, a majority of whom were medical officers and chaplains; and 36 officers in the Naval Militia.

For changes in organization, field training dates, service school graduates, small arms matches and strength tables, see Appendix

C, attached hereto.

FINANCIAL OPERATIONS

A statement of financial operations for the fiscal year ending June 30, 1932, including State appropriations for the general expenses of the military establishment, expenses for armory maintenance and federal funds allocated and expended during this period follows:

New Armory Construction During the 1932 session of the Legislature, appropriate and approved in the sum of \$1,429,000 for armetion as follows: New Field Artillery Armory, Buffalo	\$900,000 50,000 225,000	00 00 00
New Infantry Armory, Jamestown Survey, plans, etc., for new Infantry Armory Schenectady Survey, plans, etc., for new Ambulance Company Armory, Ticonderoga	250,000 2,000 2,000	00
Armory, 11conderoga		

The corner stone for the new Field Artillery Armory at Peekskill was laid by Your Excellency on August 14th of this year.

The corner stones of the Naval Militia Armory at New Rochelle and the new Infantry Armory at Jamestown were laid by Lieutenant Governor Herbert H. Lehman, on September 10th and October 28th, respectively, of this year.

The corner stone for the new armory for the 106th Field Artillery at Buffalo was laid by the Honorable Morris S. Tremaine,

Comptroller of the State, on December 11th of this year.

Construction of new armories and the stable indicated above, is progressing satisfactorily and all will be occupied during the coming year.

Tentative sites have been inspected and preliminary studies are being made for the proposed armories at Ticonderoga and Schenectady.

REQUIRED ARMORY CONSTRUCTION AND EXPANSION

New armories or the reconstruction of old armories are required in the following priority:

Ticonderoga (new)	\$100,000 00
Schenectady (reconstruction or new)	400,000 00
Corning (new)	200,000 00
Utica Infantry (reconstruction)	200,000 00
Syracuse Artillery (new)	300,000 00
Middletown (reconstruction)	100,000 00
Mount Vernon (new)	300,000 00
Poughkeepsie (new)	300,000 00
Rochester Cavalry (enlargement)	75,000 00
Rome (new)	150,000 00

EXPLANATION

Details with respect to requirements indicated above, are as follows:

Ticonderoga.—Present structure rented and inadequate for proper training of a medical unit. An armory should be provided at a cost of \$100,000, plus cost to county for land.

Schenectady.—Present structure built in 1897 (is 38 years old). Originally built to accommodate two infantry units. At present occupied by a battalion headquarters and four units of infantry. It is estimated additions could be made which would provide adequate quarters at a cost of \$400,000, plus cost of additional land by the county.

While the location of this armory is ideal from a military standpoint, it may be found expedient to procure a new site containing ample ground for outdoor drill. In such a case additional funds may be procured through county agencies.

Corning.—Present structure rented and inadequate for proper training of a medical unit. An armory should be provided at a cost of \$200,000, plus cost to county for land.

Syracuse artillery.—Present structure rented. A battery of field artillery organized in 1911 has occupied the Arena building at a rental that has increased from \$3,500 to \$9,500. A modern armory should be built for this unit at a cost of \$300,000, plus cost to county for land.

Middletown.—Present structure built in 1890 (is 42 years old). Originally built for one infantry unit, now occupied by two units of field artillery. Has no accommodations for animals. An addition to this armory should be provided at a cost of \$100,000.

Mount Vernon.—Present structure built in 1898 (is 34 years old). Originally built for one infantry unit. At present occupied by a battery of field artillery. Has no accommodations for animals. Is the smallest state armory and entirely inadequate for present day requirements. A new armory should be provided at a cost of \$300,000.

Poughkeepsie.—Present structure built in 1891 (is 41 years old). Originally built for one infantry unit. At present occupied by a battery of field artillery. Has no accommodations for animals. A new armory should be provided at a cost of \$300,000.

Rochester Cavalry.—Originally built for a troop of cavalry. At present occupied by regimental headquarters and two cavalry units. It is estimated additions could be made that would provide adequate quarters at a cost of \$75,000.

Rome.—Present structure rented and inadequate for proper training of a medical unit. An armory should be provided at a cost of \$150,000, plus cost to county for land.

Appropriations made by the Legislature of 1932, for armories, etc.:

Construction		
Buffalo (new armory)	\$900,000	
Jamestown (new armory)	250,000	
Binghamton (new armory)	225,000	
Geneseo (new stable)	50,000

Total armories, 76.

Total number of armories leased for subdivisions of the National Guard and Naval Militia unable to secure accommodations in the foregoing is 10.

The active military establishment of the State is housed in the

86 armories indicated above.

Storage facilities are provided at the United States Naval Reservation, Sacketts Harbor, for materiel of the 13th Fleet Division, Naval Militia, and at Utica for units of the 10th Infantry. Stables are provided at Binghamton for detachment 104th Field Artillery, at Kingston, Middletown, Mt. Vernon, Newburgh, Poughkeepsie and Peekskill for units of the 156th Field Artillery.

ARSENALS, ETC.

Arsenals, camp grounds and rifle ranges, owned by the State are as follows:

Brooklyn.—State Arsenal, Erected 1926. Used by The Adjutant General of the State as an arsenal and storeroom. Approximate valuation, \$1,000,000. Floor surface 166,000 square feet.

Peekskill.—State Camp Ground and Rifle Range. For use of infantry and such other troops as may be designated. Approximate valuation of land and buildings, \$235,000. Approximate area 1,886 acres. One hundred and eighty-seven targets.

Rensselaer.—Rensselaerwyck Rifle Range. For the use of troops stationed at Albany, Troy, Cohoes and such other troops as may be designated. Approximate valuation \$25,000. Approximate area 11 acres. Thirty targets.

Buffalo.—Kenilworth Pistol Range. For the use of troops stationed at Buffalo. Approximate valuation \$25,000.

In addition to the above, camp grounds are provided in the State for cavalry, artillery and air service on Federal reservations at Great Bend, Oswego and Fishers Island.

RIFLE RANGES

Field Rifle Ranges for the use of troops of the National Guard and Naval Militia are leased by the Federal Government as follows:

STATION OF TROOP	Annual rental	Location	Num- ber of targets	Ranges (yds.)
Amsterdam Auburn Binghamton Catskill Elmira Geneva Glens Falls Gloversville Hoosick Falls Jamestown Mohawk Malone Medina Oswego Oneonta Olean Poughkeepsie Schenectady Saratoga Syracuse Utica Walton	110 00 200 00 75 00 125 00 200 00 75 00 200 00 150 00 210 00 150 00 150 00	Town of Mohawk Town of Throop Binghamton Athens Horseheads Seneca Queensbury Johnstown Hoosick Frewsburg Herkimer Malone Ridgeway Fort Ontario Oneonta Olean Lagrange Karner Saratoga Manlius Frankfort Walton	33447344433334 :54464453	200 to 800 200 to 600 200 to 1,000 200 to 1,000 200 to 1,000 200 to 800 200 to 1,000 200 to 1,000 200 to 1,000 200 to 1,000 200 to 600 200 to 1,000 200 to 1,000

Landing Field.—A landing field for Air Corps of the National Guard is leased by the Federal Government at Fulton, N. Y., at an annual rental of \$250.

Total leased rifle ranges, 22.

Total floor space of all building, exclusive of structures at camps and rifle ranges, is 6,524,279.

The approximate valuation of military grounds and structures owned by the State and city of New York is \$34,513.393.

THE STATE ARSENAL

- 1. Report of activities at the State arsenal during the year follows:
- (a) The transportation of Federal property required the issue of 850 government bills of lading. Troops to and from camps of instruction, special service schools and other activities used 783 transportation requests.

(b) State funds for the several activities at this arsenal were requested by 353 State requisitions and 642 State vouchers were issued. Five hundred and ninety-three State purchase orders were

issued for supplies used in this building.

(c) Federal property requistioned, accounted for, and distributed in the amount of approximately \$252,024.71, replaced a like amount rendered unservicable during the year. This required the accomplishment of 328 survey reports and 630 inventory and Two thousand eight hundred and forty-nine inspection reports. requisitions were received of which number, 211 were returned for correction. All ordnance or medical requisitions are forwarded to the State ordnance officer and division surgeon by this office for approval prior to issue. Property was issued on 5,471 shipping tickets of which, 2,528 were for non-expendable property and 2,943 for expendable property. The stock record account required the posting of 2,946 shipping tickets and 2,046 receiving reports covering all classes of property, that is, quartermaster, ordnance, engineer, signal, medical and air corps property. The accounts of the organizations (the consolidated credit and debit account) had a total of 1,759 credits and 2,548 debits. The total of transactions in the property accounting section was 9,299.

(d) A total of 1,083 requisitions were received from the several organizations of the New York National Guard which were edited and filled. Approximately 86 requisitions were made by the arsenal on Federal depots for replacement of property and forage

and bedding for animals.

(e) Federal funds totalling \$1,138,329.41 were received and disbursed on 4,802 youchers as follows:

*By cash (covers cash payment of troops in camp)	\$602,659	56
†By issue of 5.090 checks	535,669	85

All vouchers (payrolls, etc.), are computed and audited by the United States property and disbursing officer before payment.

The following is a summary of all funds authorized by the Federal government for the support of the New York National Guard during the fiscal year ended June 30, 1932:

Procurement of forage and bedding for animals (horseshoeing	
and veterinary supplies and services)	\$101,174 49
Maintenance of organizational equipment	14,175.95
Employment of caretakers (animal, material and motor	
mechanics)	258,471 08
Office equipment and supplies, etc	1,78299
Expenses, camps of instruction (includes construction and	
repair work at training camps)	1,138,329 41

^{*} All troops on field service at Camp Smith, Pine Camp, Fort Ontario, Fishers Island, Camp Meade, Md., are paid individually in cash by Agent Officers of the U.S. Property and Disbursing Officer, who are appointed by the Adjutant General of the State.

† Subsistence in the sum of \$107,915.46 was issued direct to the several units of the National Guard on field training by Agent Officers of the U. S. Property and Disbursing Officer, who are appointed by the Adjutant General

of the State.

Camp Smith		
Ft. Ontario	T 00	
\$36,50	6 39	

In connection with the improvements completed at Camp Smith, it is recalled that conditions made it necessary to replace the officers' mess building in the West Camp, and it was felt that we would be obliged to reconstruct this building at State expense. However, through the personal representation by the Adjutant General of the State to the chief, Militia Bureau, a plan was evolved by which funds were secured from the Federal government, and a very desirable mess hall constructed.

Federal funds in the sum of \$20,204.24 were secured by this office during the month of November for maintenance and repair of camp sites for the fiscal year ending June 30, 1933, as follows:

5 projects	at Camp Smith	\$5,774 00
24 projects	at Pine Camp	11,575 00
11 projects	at Ft. Ontario	2,855 24

\$20,204 24

In addition to above, the sum of \$800 was secured from Militia Bureau for the purchase of materials necessary in the construction of a rifle range at Hoosick Falls, N. Y. These funds are to be used in conjunction with funds for labor allocated by the State Temporary Employment Relief Administration.

The reputation which the organization of the Adjutant General's office has earned in the Militia Bureau is such that the Militia Bureau this year made definite a policy which was started last year, whereby all funds for construction, maintenance, and repair of the National Guard camp at Fort Ontario in the Regular Army Reservation, would be done under the jurisdiction of the Adjutant General of the State and the United States property and disbursing officer. Heretofore, all work of this nature was done by the regular army.

Sixty invitations for bids were issued resulting in the execution of 129 formal contracts and 227 purchase orders. Twenty-five leases on target ranges, etc., throughout the State were renewed. (Federal regulations require that leases be made for one year only, renewal options covering balance of term of lease.)

(f) Considerable quantity of used post office trucks are now being issued to the National Guard. While these trucks are far from new, they will serve as temporary replacements, as the present trucks are becoming unservicable.

A total of 378 requisitions for motor transport supplies and equipment were filled. Ninety-seven (97) motor vehicles were overhauled for use at this arsenal and camps of instruction and forty-three (43) for use by other units. Sixty-eight (68) repair jobs, such as body repairs, minor motor repairs, etc., were completed. Eight (8) arsenal trucks were changed over from solid to pneumatic tires.

PENSIONS AND CLAIMS

1. During the year, nine claims under section 223 of the Military Law which provides emergency and temporary relief for 90 days pay of grade and medical attention and care for soldiers and sailors who are injured in line of duty while performing military duty under lawful orders.

2. There are sixty-one persons receiving military pensions under section 220 of the Military Law, which provides compensation to soldiers and sailors for a permanent disability incurred in line of duty under lawful orders. Since last report three pensioners of

this class have died, one new pensioner has been added to the list

and three pensions have been increased.

3. There are at this date 113 war veterans who receive \$500 per annum under Article 1-B of the Military Law which provides this amount to a veteran of any war or of the Philippine insurrection or China Relief Expedition who is permanently and totally disabled by reason of loss of sight who is not a member of any retirement system to which the State is a contributor and who was a resident of the State of New York when inducted into the service of the United States and who received a discharge not dishonorable. During the year 2 died; 14 new pensions.

VETERANS' RELIEF BUREAU

The number of applications for relief to date total 10,396, of this number 4,392 have received the sum of \$250 the maximum

permitted under the present law.

Under Chapter 589, Laws of 1922, \$1,000,000 was appropriated for the bureau. In 1923 under Chapter 326 another million dollars was appropriated. Of this total, \$68,891.29 reverted to the State treasury through lack of reappropriation, leaving a net balance to the bureau of \$1,931,108.71. Under Chapter 708, Laws of 1931, \$75,000 additional was appropriated for veterans relief. In May, 1932, the bureau was most fortunate in obtaining through the Temporary Emergency Relief Administration of the State the sum of \$50,000 thus permitting the work of relief to be carried on for the remainder of the year and making the gross total available, \$2.056.108.71.

Actual payments for relief of sick and disabled veterans to date amount to \$1,737,780.68. Expenses of relief commissioners and administration to date are \$271,850.44. The expendable balance is \$46,477.59 of which amount the sum of \$40,684.65 is in the hands

of the commissioners.

Previous statutory provision gave the Adjutant General authority to grant an extension of payments in specially needy cases to the extent of an additional \$250, under which provision, 157 received an additional payment of \$250. This authorization was stricken

from the law in the 1931 enactment.

The bureau is represented by a resident commissioner in each of the assembly districts throughout the State. The commissioner makes the necessary investigation to determine the eligibility of an applicant to be given relief. He prepares all papers, makes the relief payments, renders the periodical reports and returns, and discharges the multiplicity of duties that must necessarily result from the position.

These men serve without pay; they give their time and efforts to the work without recompense and altogether are rendering a

service to the State of a high patriotic value.

SOLDIERS' BONUS BUREAU

December 31, 1932

Under constitutional authority a bonus for New York veterans of the World War was provided pursuant to Chapter 19, Laws of 1924. The sum of \$45,000,000 was realized from the sale of bonds authorized by law, this sum having been augmented by premiums amounting to \$659,565, the latter sum also being appropriated for bonus purposes under Chapter 208, Laws of 1925.

A commission, consisting of The Adjutant General, the Comptroller, the Treasurer and the Attorney General administered the disbursement until April 2, 1926 when its functions were absorbed

by The Adjutant General.

Each eligible veteran, upon application, received the sum of \$10 for each month of service with the colors between April 6, 1917 and November 11, 1918, with \$150 as the maximum payment. Under Chapter 209, Laws of 1925, an additional appropriation of \$2,500,000 was made. Chapter 26, Laws of 1925 added the next of kin to those who were killed or died in the service or prior to February 28, 1924, as eligible to receive the bonus. Under Chapter 267, Laws of 1926 a further appropriation of \$300,000 was approved. Chapter 676, Laws of 1931 extended the time for filing claims to July 1, 1932 and made an appropriation of \$250,000.

At an extraordinary session of the Legislature of the year 1931 to carry out the provisions of an act creating a temporary emergency relief administration, and making an appropriation for its work, the sum of \$584,000 was appropriated by Chapter 799 for the payment of bonuses, \$30,000 of which was made available for administration expenses, bringing the total amount appropriated to \$49,293,565 out of which there has been paid to December 31, 1932 in bonus and administration costs the sum of \$49,240,816.07 leaving a balance of \$108,684.22.

Under the original law, no claims could be received after May 1, 1927. Since the re-opening of the Bureau on April 23, 1931, 10,065 legitimate claims have been recorded to date. Thirty thousand, six hundred and fifty-seven veterans who made a former claim, but who apparently forgot the transaction have been notified that they were formerly paid. The Bureau closed for the

receipt of applications on July 1, 1932.

There has been received to date a total of 427,824 claims of which 412,618 have been paid with an average payment per claim of \$117.43 at an overhead cost of \$1.85 per claim, which is less than any other State has as yet reported. There are still in the process of adjustment 7,435 claims of which 5,797 are in the Bureau and 1,638 in the hands of the claimants. Of the total claims received, 25,228 applicants are not credited as having an actual residence in the State at the time of their enlistment. Adding this number to the 518,864 who were credited to the State, it would appear that there are still 116,268 New York State veterans who have not applied for the bonus.

325 00

New York Monuments Commission

The New York Monuments Commission for the Battlefields of Gettysburg, Chattanooga and Antietam, is authorized to determine the positions and movements of the New York organizations engaged in battlefields of the Civil War, and to erect, in commemoration of their services such monuments, markers and tablets as may be required from time to time pursuant to acts of the Legislature of the State.

The following sums were appropriated by the Legislature of 1932 for the use of the Commission:

for the use of the Commission.		
Personal service	\$4,800	
Maintenance and operation	325	00

Examinations of Enlisted Men of the National Guard for Admission to the United States Military Academy

Maintenance and operation

The annual competitive examination for enlisted men of the National Guard for cadetships at the United States Military Academy was held, under the direction of this office, at New York City, Albany and Buffalo on November 11, and 12, 1932.

Fifty candidates competed. The nine having the highest average of proficiency have been selected by Your Excellency to take the entrance examination on March 7, 1933, and, if successful, will enter the academy on July 1, 1933.

The practice of alloting the cadetships to soldiers of the National Guard was authorized by Congress May 4, 1916, and since that time the manifest interest throughout the National Guard in this splendid educational opportunity has constantly increased.

Eligibility for appointment requires the candidates to be between the ages of 19 and 22 years, an enlisted man of a federally recognized unit of the National Guard, who has served as a soldier therein not less than one year prior to date of entrance into the academy.

Respectfully submitted, FRANKLIN W. WARD,

Major General, A. G. D. The Adjutant General

APPENDIX A

Report of the Commanding General, New York National Guard

The following report on the affairs of the New York National Guard for the calendar year 1932 is made in accordance with paragraph 6, Military Regulations No. 80, State of New York.

- 1. General. The year has been marked by stability of strength at a high figure, by excellent attendance records throughout the year, by very successful field training programs, and by certain administrative changes which I hope will produce marked results in the future.
- 2. Strength. The average strength of the New York National Guard was 21,194, with a high figure of 22,102 in April, and a low of 20,584 in August. The average is within 289 of the 21,475 maximum allowed us by the Militia Bureau. Actually we exceeded the Militia Bureau maximum both in April and May, and were obliged to stop recruiting for the five months from April 15th to September 15th in order to remain within our authorized strength. This is a very satisfactory condition, and enables commanding officers to make careful selection of personnel. We still have trouble in maintaining strength in some scattered company units, and still have some difficulty in securing suitable officer material in certain localities. I am of the opinion that such exceptional cases are unavoidable and due to causes beyond our control. present our regiments, and the Guard as a whole, have to watch that they do not go over strength instead of worrying over low strength.
- 3. Attendance. The attendance percentage for the entire year to date is 88.19, as compared with 86.10 for 1931. The figure for field training was 95.21, as compared with 95.25 for 1931. These are excellent percentages, and speak well for the morale of all organizations. The figure for the year is, so far as can be checked up, the highest that the New York National Guard has ever attained. The Hines Attendance Trophy for the year ending September 30, 1932 was again won by the 27th Division Aviation, with a percentage of 99.03. The 212th Coast Artillery was second, with a figure of 95.83, and the 71st Infantry third, with 95.78.
- 4. Organization. On February 4, 1932, a slight reorganization of the 156th Field Artillery was effected, Battery B being removed from Kingston and relocated at Poughkeepsie. Kingston was overcrowded and unable to support the number of units which were previously stationed there, whereas Poughkeepsie should have no trouble in maintaining the two firing-batteries for which the town is now responsible. Certain changes in officer personnel were also made, and the new plan is working well.

The 104th Field Artillery, stationed at Jamaica, Binghamton and Syracuse, will, on January 15, 1933, be changed from horse-drawn to tractor-drawn. The change is in line with modern methods, is popular with the organization, and, it is believed, will be advantageous. As new armories are being constructed for this Regiment at Jamaica and Binghamton and the necessary changes could be made in the architects' plans before construction was started, the change came at a very opportune time, and will also, I believe,

result in some saving in construction costs.

The reorganization of the 106th Infantry, about which I spoke in my last annual report, had progressed so well that on January 12, 1932 I relieved Colonel William R. Wright, my Chief of Staff, from special assignment to that Regiment, and promoted former Lieutenant Colonel Frank C. Vincent to the grade of Colonel and the command of the Regiment. At that time half of the large overdue indebtedness which this Regiment had incurred had been paid off, other improvements had been made, and I felt that Colonel Vincent could safely be appointed as permanent commander to complete the work. I am glad to report that the desired progress has been continued. At camp, last summer, the Regiment showed marked improvement in many respects, and in some others I believe that the desired standard will be reached in the near future. present only some \$1,500 of the old indebtedness of over \$30,000 remains unpaid, and the financial statement of the Regiment shows a substantial surplus instead of a deficit, as was the case when the reorganization was undertaken.

The National Guard lost one of its most distinguished officers through the death, on November 12th, of Brigadier General James W. Lester, retired. General Lester, during his service of nearly forty years, rose from private to brigadier general, and on several occasions, as the senior brigade commander, he commanded the entire New York National Guard, notably during the period following the World War, when, during the absence of General O'Ryan on leave, he accomplished the reorganization of the Guard and its Federal recognition in accordance with the present National Defense Act. As an officer and as a gentleman, General Lester represented the highest type of National Guardsman and the high-

est type of citizen.

On May 9, 1932, Lieutenant Colonel Frederick M. Waterbury, ordnance officer on my staff, reached the legal age limit of service and was retired by your orders as a Brigadier General, a well-merited reward for forty-one years of faithful and efficient service. His name is added to the list of exceptional ordnance officers who have served this State and to that of New York National Guardsmen who have risen from the ranks to positions of high responsibility.

To succeed General Waterbury as ordnance officer, I transferred Lieutenant Colonel Henry E. Suavet from the position of inspector, and appointed Edward Bowditch, a former officer of the United States Army and aide to General John J. Pershing during the

World War, as Inspector. Lieutenant Colonel Suavet had assisted General Waterbury in much of his recent work, and is well qualified to take over his present duties. Lieutenant Colonel Bowditch is an officer of exceptional character and wide experience, and I expect him to be a great asset to us.

No other changes occurred during the year among our brigade

or organization commanders or higher staff officers.

- 5. Service in Aid of Civil Authorities. There have been no calls upon the New York National Guard during the past year for active service in aid of the civil authorities other than several requests for the use of armory space or material in connection with unemployment relief. These calls have been answered promptly. Our armories have also been used on several occasions, at Middletown, Binghamton, and Peekskill, as overnight sleeping quarters for detachments of the United States Army which were in need I have recently appointed a committee of of such facilities. National Guard officers of New York City units to cooperate with the Emergency Unemployment Relief Committee in raising funds for unemployment relief in that city. With your permission, I personally accepted an appointment as chairman of the Mayor's Official Committee for the relief of the unemployed and needy of the city of New York. I feel that the New York National Guard is doing its share of work in the present unemployment crisis, and that our plan of further cooperation is well understood by all commanding officers, and is available upon call of the civil authorities.
 - 6. Training.

a. Infantry. For the training year 1932 particular emphasis was placed on infantry marksmanship with all of its weapons and upon the tactical employment of the various weapons in appropriate combat exercises.

The following percentages of qualifications were secured during the target practice year, 1932:

			1932
\mathbf{Arm}	1931	1932	per cent of qualification
Machine Gun	835	961	. 535
Rifle	1780	2563	.415
Automatic rifle	223	334	.376
37 m.m.	545	495	.916
Pistol, mounted	290	290	.624
Pistol, dismounted	2653	3649	.468

Due to the importance of automatic weapons in modern warfare, particular attention was given to the training of automatic riflemen and machine gunners in all infantry organizations.

Continued attention was given to musketry and combat firing for infantry platoons, sections, and squads, with uniformly excellent results. Company K, 108th Infantry secured the highest score in the fire superiority problem, and Company E, 107th Infantry, secured the highest score in the fire distribution problem. Emphasis was also given during field training to the training of

regimental and battalion staffs by means of command post exercises, tactical walks, and field exercises. In this connection the limitations of the terrain at Camp Smith were somewhat overcome through the generosity of Mr. Stuyvesant Fish, who granted the use of his extensive property along the Canopus creek, east of Camp Smith, for the conduct of these tactical exercises.

- b. Field Artillery. Due to the economy program of the government, service practice was conducted largely with 37 m.m. subcalibre equipment, with a limited amount of service ammunition. Results were highly beneficial, however, particularly in the training of junior officers in the conduct of fire.
- c. Coast Artillery. Seacoast practice was conducted during the summer by the 244th Coast Artillery, tractor-drawn at Fort Ontario, and by the 245th Coast Artillery, harbor-defence at Fort H. G. Wright. The 212th Coast Artillery, anti-aircraft, training at Fort Ontario, completed its training in anti-aircraft gun and machine gun service practice in cooperation with the 27th Division Aviation. On the basis of this practice the following batteries were rated "Excellent" by the Federal authorities:

Batteries B, C, and H, 212th Coast Artillery; batteries A and C, 244th Coast Artillery; batteries E, G, and L, 245th Coast Artillery.

- d. Cavalry. During the cavalry field training emphasis was placed on qualifications with weapons, musketry, and basic tactical training. Continued improvement is looked for in qualification in cavalry weapons, which up to now has been somewhat hampered by the lack of suitable range facilities at Pine Camp.
- e. Division Staff Training. During the summer of 1932, a very satisfactory command post exercise was conducted at Camp Smith for the Headquarters and Headquarters Detachment, 27th Division, Special Troops, 27th Division, Headquarters and Headquarters Company, 54th* Brigades, Headquarters 52nd Field Artillery Brigade, 102nd Medical Regiment, 102nd Engineers, and 101st Signal Battalion. This command post exercise, involving a theoretical crossing of the Croton river by a division as part of a corps in an attack against a position, was of the greatest benefit from the training point of view for all the troops participating, especially in the troop leading of larger units. It was interesting and valuable also in that it employed all the organic troops of the 27th Division.
- f. Aviation. It is gratifying to note that the 27th Division Aviation during the training year completed all of the several phases of training required by the Militia Bureau Training Directive, including cross-country flying, aerial machine gunnery, bombing, blind flying, artillery observation missions, infantry liaison missions, aerial photography and night flying and target-towing for the Anti Aircraft Coast Artillery.

^{*} And 53rd.

g. Other Troops. The 27th Division Quartermaster Train completed its field training at Camp Smith with particular attention to motor vehicle maintenance and convoy duties.

The 102nd Ordnance Company and the 27th Tank Company trained at Fort George G. Meade, Maryland, where the shop and other technical facilities of the Regular Army were available.

- h. Supplemental Training. During the year successful schools were conducted in communications, with particular attention to radio procedure and message center operation. Instruction was also given to all units of the National Guard during the field training period in chemical warfare material and maintenance, under the supervision of Major Alfred D. Reutershan, assistant G-3. This phase of training will be continued and amplified as additional funds and facilities are available.
- i. Efficiency of Command. There is a gratifying increase in the general efficiency of the officer personnel, especially among the junior officers. This is considered of importance because of the normal loss of experienced officers who served during the World War. The professional requirements for appointment and promotion of officers are, it is believed, as high as for the National Guard of any other State. Extensive use is made of the extension courses established by the Regular Army for this purpose, and also of the several service schools. During 1932, twenty-seven officers successfully completed special courses at army schools as follows:

The officer assigned to take the command and general staff course at Fort Leavenworth, Kansas, was Lieutenant Colonel Hampton Anderson, assistant chief of staff, G-3, 27 Division, who graduated therefrom with an "Excellent" rating. Four out of the five officers of my staff who are on permanent duty have now graduated in this course, which, with the exception of the Army War College, is the highest school of the United States Army, and is even more suited to an understanding of the duties which those officers are normally called upon to perform.

j. N. Y. N. G. Short-Wave Radio Net. During the year steps were taken to establish a short-wave radio system among certain units of the New York National Guard located at strategic points throughout the State. This system is now being further developed, not only as a training feature, and as an incentive for recruiting, but also for possible use in case of emergencies. In this work the

assistance of Lieutenant Colonel Robert W. Maloney, division signal officer, has been of the greatest benefit.

The National Guard depends for the k. Public Interest. maintenance of its strength upon the interest of the public. Ceremonies in the winter and the field training in the summer are the main means of attracting that interest, exhibiting the attractions of the service, and obtaining new recruits. Military police records at Camp Smith show that in 1932, approximately 100,000 civilian visitors came to see the camp and the troops, and that 15,000 cars were parked there on visitors' Sundays. Your own visits to camp naturally attracted the greatest interest. On one such occasion over 1,900 cars and buses were parked on the west paradeground. The above gives every indication that the public at large is interested in the National Guard. The interest of former members is also maintained. All organizations have successful "Veterans" Days." The reunion of the veterans of the 106th Infantry, held while that regiment was in camp, was especially noteworthy, in that among those present were nine who had marched into the camp fifty years ago with the 23rd Regiment (the predecessor of the 106th), in June, 1882, when the camp was first opened. All camps were also visited by a number of members of the Federal and State governments, the Militia Bureau, and the United States Army.

7. Small Arms Practice. The results of small arms practice for 1932 were most satisfactory, and the slight change in the training program by which additional practice was provided for previously qualified men produced excellent results. The requirement of 30 per cent qualifications fixed by the Militia Bureau was exceeded by a wide margin with every weapon—our infantry regiments qualifying .464 per cent of their rifle strength. Company K, 108th Infantry, stationed at Hornell, New York, achieved the remarkable record of 100 per cent qualification, and is the winner, for the second consecutive year, of the War Department Trophy for excellence in marksmanship.

The firing of the record pistol course at home stations by the artillery and headquarters units of the infantry has proved most satisfactory both from the standpoint of marksmanship and the

special training required of these men.

The allowances of small arms ammunition were in the main satisfactory—the exception being pistol ammunition. The present allowance of pistol ammunition is based on unqualified men only, and any man who has qualified in any grade retains such qualification during his current enlistment: thus, a man who qualifies as a marksman during his first practice cannot be given an opportunity to qualify in a higher grade during his current enlistment. While his qualification is credited to himself and his organization for the two succeeding years, it is rather difficult to maintain the interest of the individual under such an arrangement.

The annual State matches were well attended, and were pro-

ductive of excellent competition.

The national matches were not held this year, due to lack of appropriations, and while some of the matches usually fired at Camp Perry were allotted to corps areas for competition, none was assigned to the second corps area.

The several corps area pistol matches were entered by teams representing the State of New York, and the Rhinelander and

East Coast Pistol Trophies were won.

8. Athletics. Owing to economic conditions, no competition was held in 1932 for the Wadsworth Trophy for outdoor baseball. It therefore remains in the possession of the 212th Artillery (Anti-Aircraft), who won it in 1931. The baseball diamonds at Camp Smith were used, however, to an even greater extent than formerly for inter-regimental, inter-unit, and "serub" games, which I regard as an even greater advantage than the previous interest in an organized trophy competition.

The championship indoor track meet of the Military Athletic League was won by the 107th Infantry, with the 245th Coast Artillery second. This gives the 107th Infantry two "legs" on the

Haskell Trophy for this meet.

The Novice meet, and possession for the year of the Norton Trophy, was won by the 102nd Engineers, with the 106th Infantry second.

At this meet the 106th Infantry, by winning the inter-regimental relay race in heavy marching order, secured permanent possession

of the Admiral Josephthal Trophy for that event.

A very successful basketball tournament for troops in New York City and vicinity was won by the 212th Artillery (Anti-Aircraft), thus securing possession for one year of the new Haskell Trophy for that sport. The 258th Field Artillery was second.

No formal track meets were held on the outdoor track at Camp Smith, for the same reason that the Wadsworth Trophy competition was omitted. The track was, however, used for practice and for

regimental competitions.

Our cavalry had a very successful year in indoor polo, which is firmly established as an institution in New York City, and also

played outdoor polo with considerable success.

The swimming pool at Camp Smith was used by 28,800 individuals during the field training season. Thirty-nine men received assistance from lifeguards on duty, but no serious accidents and

no deaths by drowning occurred.

Soldier-boxing suffered from the widespread economic depression, but was conducted with more or less success by the 106th Infantry, 102nd Engineers, 102nd Medical Regiment, 212th Artillery, and 27th Trains, under strict supervision by the athletic officer, Lieutenant Colonel Joseph A. S. Mundy. Upon his recommendation, on account of laxity in management, I suspended boxing in the 14th Infantry for a period of six months, and it has not yet been resumed.

The plan inaugurated this year of holding State 9. Inspections. armory inspections separate from the Federal inspections, as outlined in my 1931 report, has proved successful. It has enabled the inspecting officers to cover administration thoroughly and exhaustively, and it is believed that it has proved of great benefit to the organizations inspected. The State inspections of training were conducted during the field training encampments. It is believed that this plan has proved in practice to be both economical and effective.

The accounts of the quartermasters at Camp Smith and Pine Camp were inspected at intervals throughout the field training period, and checks made of the presence of men whose names appeared on the payrolls. Payrolls of the construction department at Camp Smith and Pine Camp were also verified from time to time. Post hospital, headquarters mess, and provisional ordnance detachment accounts at Camp Smith were audited periodically.

Seventeen special investigations were made and reported on

during the year.

10. Uniforms and Equipment. The liberal policy pursued by the Militia Bureau has resulted in a very satisfactory condition as regards uniforms, arms, and equipment. This applies particularly to such items as signal property, fire-control instruments, and field The 27th Division Aviation artillery and anti-aircraft material. has also been equipped with six Douglas, 0-38 airplanes powered

with Pratt and Whitney Hornet engines.

I believe that one of the most important steps in connection with the administration of property that we have taken in recent years was the issuance, on May 23, 1932, by the Adjutant General's office, of General Order No. 7, which provided that no payrolls would be certified for administrative pay for any officer "whose property accounts are not cleared, balanced, or in process of adjustment, and who is not maintaining such property records in accordance with National Guard Regulations." This order was issued upon my recommendation after many conferences with the Adjutant General and the United States property and disbursing officer, and attracted wide attention not only in our own National Guard, but in the National Guard of other states and in the United States Army. I believe it to be a necessary and progressive innovation. It will be no "dead letter," but will be followed up and enforced. In my opinion, no officer who fails to earn his pay should receive it, and I believe that we have shown extreme leniency in letting some bad situations stand as long as they have. As a matter of fact, the "regulation" way is usually also the easiest way, and our officers must be made to realize this. I feel that this order has already produced good results, and will aid in getting our property records in the shape in which they should be and must be. I intend to insure that all responsible officers shall have an increased appreciation of their duties in connection with property, and that they will settle all outstanding property differences without delay and in the manner prescribed. In pursuing this objective, I have received, and will receive in the future, the hearty cooperation of the State officer most directly concerned, Colonel William A. Taylor, Assistant Adjutant General, and United States property and disbursing officer.

No new distinctive dress uniforms have been adopted this year, but progress has been made toward the approval of the histories and coats of arms of the only two of our organizations which have not to date secured such approval—the 156th Field Artillery and the 244th Coast Artillery. Both of these organizations have histories which date back for a long period, and both of them have experienced trouble in obtaining the necessary proofs to warrant recognition of certain remote service. Rather than accept a more recent history alone, I feel that we should continue to strive for the recognition of the history which I believe is due to these organizations. In connection with work of this kind I feel that acknowledgment should again be made of the valuable assistance that we have received from Brigadier General DeWitt Clinton Falls, N. Y. N. G., retired.

11. Permanent Plant.

a. Armories. We were most generously treated by the State in 1932, in regard to our armory needs. Excellent progress was made in providing adequate and satisfactory armories where they were most needed, especially in the rapid construction of the new armory for the 106th Field Artillery, to replace the one destroyed by fire last year. Armories were also completed, or are approaching completion, at Newburgh, Kingston, and Peekskill for the 156th Field Artillery, at Jamestown and Syracuse for the 174th Infantry and the 108th Infantry, respectively, and in New York City for the 369th Infantry. Work has been started on new armories for the 104th Field Artillery in Binghamton and Jamaica. The most pressing needs for the future, in my opinion, exist at Syracuse (104th Field Artillery), Utica (10th Infantry), Schenectady (105th Infantry), Watertown (108th Infantry), Mount Vernon, Poughkeepsie and Middletown (156th Field Artillery), and in the replacement of rented quarters at Corning and Ticonderoga (102nd Medical Regiment), and Rome (10th Infantry).

b. Camp Smith. State funds appropriated for Camp Smith were sufficient only for maintenance and repair. The necessity for this action was fully understood and fully agreed with: I am heartily in accord with the principle that we should not now be given as much as we received during the rebuilding of the camp, but I do ask that the State shall keep in mind the fact that it now has a valuable plant of nearly three thousand acres and nearly a hundred buildings, and that a certain fund for maintenance must be allowed every year to prevent serious depreciation. The funds allowed last year were, with strictest economy, sufficient. I have asked that a corresponding sum be allowed for 1933.

Federal funds also were reduced, and were generally limited to maintenance and repair. We were, however, able to complete our combat range with concrete construction, to reconstruct the West Camp officers' mess and the brigade mess, to put all target houses in first-class shape, and to build a new latrine at the pistol

We were very fortunate also in securing an assignment of some State unemployment relief funds, which were very valuable in that they enabled us to do some work which had been needed for some time. Considerable work was done in grading and road construction, including a much-needed widening of a portion of the Military road end of the road leading to the wood yard, a reconstruction of the main entrance to camp, and a good amount of The last-mentioned I consider and clearing. reforestration The new reservation, when acquired, was especially important. entirely unprovided with roads, and was choked with dead timber. By means of recent road construction, almost any part of the territory can now be reached by motor, and with the "unemployment" labor we have already taken out over two hundred cords of dead timber and have trimmed up adjacent live timber, thus not only improving the appearance of the property, but insuring its future greater value. I believe this to be a most important project, and hope to be able to continue it.

During the year we have made many minor improvements to grounds and buildings, such as planting of trees and hedges, and the installation of a balcony in the theatre, which adds about 150

chairs to our seating capacity.

Frankly, in spite of the comparatively small amount of funds at our disposal, I feel that we have accomplished a great deal in 1932. The absence of any big jobs has permitted a general repair and clean-up, and I feel that a number of minor jobs which we have previously not had time to attend to have been cleared up, and that the plant was never in better general condition.

- c. Pine Camp. Federal appropriations for Pine Camp were also limited principally to maintenance. In spite of this fact, however, some very important work was done in the reconstruction of the rifle firing point, the officers' mess, the gun shed, and the aviation administration building, and in the accomplishment of many other needed repairs. A talking-picture machine was installed this year in the recreation building, being paid for by a per capita assessment against the organizations assigned to Pine Camp for training. Receipts from the Pine Camp canteen were insufficient to pay for such an installation. All assessments have been collected, and the machine is fully paid for. It was operated in 1932, and will be operated in the future, by means of canteen receipts. It adds greatly to the recreational facilities of this camp. There will be no admission charged.
- The same conditions existed here in regard d. Fort Ontario. to Federal funds as in Pine Camp. Buildings were painted, the

administration building and gun shed were repaired, and the enlisted men's latrine was considerably enlarged and improved.

12. Administration. In connection with this subject, I have already spoken of the changes made in our State inspection system and in our property accountability requirements. We have made still another important modification of previous practice. I spoke in my last annual report of the trouble that we had experienced with the officials of the Bronx county jail, and of my hope that some plan could be evolved to eliminate the sending of National Guardsmen to jail. Work on such a plan was continued, and after consulting with the Adjutant General and the division judge advocate, instructions were finally sent to all commanding officers that summary courts would not sentence offenders to jail after December 1, 1932 except in extreme cases and with the special approval of National Guard headquarters, but that in lieu of jail sentences habitual or serious offenders would be discharged from the service under certain provisions of the National Guard Regulations. It is too early as yet to say how this plan will work in actual operation. I believe it to be logical and workable, and feel that we are strong enough to say to such delinquents that if they fail to obey our regulations or to realize the advantages of their service, the New York National Guard will get rid of them and will replace them with more desirable recruits. If the present plan succeeds, a very serious and difficult situation will have been solved, and morale and pride of membership in the New York National Guard should be greatly elevated.

In our administration for 1932, we have endeavored throughout to further the desire for all possible economy as directed by the State government. I feel that we have accomplished a great deal and have done so without loss of efficiency. Commanding officers have been directed to cooperate with the Adjutant General in connection with all funds administered by him in which they are inter-My headquarters has done the same with similar funds so administered. In regard to funds for the use of which I am directly concerned, I have already mentioned the decreased appropriation which we received for use at Camp Smith. We also, at the request of your director of the budget, made a further arbitrary deduction from this appropriation of ten per cent. We also made deductions as directed from the funds allowed for labor at Camp Smith and for supplies at that camp and at National Guard By careful management and rearrangement of headquarters. work, we were further enabled to effect a saving of approximately twenty per cent from the monies appropriated for special labor at Camp Smith during the hundred days of field training. I have considered these reductions of allowed appropriations not as savings for the year only, but as guides for the future, and have repeated them in making my requests for 1933.

I directed that great care should also be used in the expenditure of the monies appropriated for field training, and for mark-

ers and scorers, which, while provided by the Adjutant General, are expended under my direction. A budget was drawn up to govern the use of these funds, and all officers who prepared the vouchers to cover expenditures were warned to keep within the budget. All did so. We also made further reductions during the the summer as we found that they could be made. As examples of what was accomplished, the funds spent for the operation of the military police at Camp Smith were reduced about fifteen per cent from the amount spent in 1931.

The recreation buildings at Camp Smith and Pine Camp are now entirely self-supporting in every way. Repairs, labor required for operation, and costs of talking-picture operation are paid for entirely out of profits of operation. The Camp Smith canteen, after all expenses are paid, shows a surplus which we can apply

to permanent betterments in the camp.

The cost to the State of the operation of the Post Hospital at Camp Smith is now confined entirely to the wages and subsistence of the hospital staff. Other expenses are paid for from the money which we receive from the Federal government as reimbursement for the treatment of individual cases.

I have been able materially to reduce the cost of publication of the "New York National Guardsman," our monthly magazine. While the expenses of this magazine are not chargeable against State appropriations, its publication costs in excess of receipts from advertising and outside subscriptions are made up by the various organizations from their share of armory rentals received. We are conducting a campaign to increase advertising and thereby cut down the amount required from the regiments. Next year I hope to reduce the latter to an amount of approximately thirty cents per man. As this covers twelve issues of the magazine, I consider it a low and justifiable figure to be assessed against the regiments.

I have gone into detail in the above figures, as I wish to indicate that the National Guard is endeavoring in every way to cooperate in securing economy in the administration of State affairs.

In connection with the experience that we have had in using "unemployment relief" labor at Camp Smith, a possible project has occurred to me which I desire to bring to your attention. My predecessors in command of the New York National Guard, Brigadier General Lester (in his annual report for 1922) and Major General Berry (in his annual report for 1923), both recommended the acquisition by the State of what they called a "Mounted Service Camp" for the cavalry and artillery of the State, to correspond to Camp Smith, which can be used only by dismounted troops. The need for such a camp has been met to a certain extent by our use of Pine Camp. However, Pine Camp is a Federal reservation, is used extensively by other components of the Army, and our training and administration are correspondingly interfered with. Moreover, a camp where the whole division

could be mobilized and maneuvered at one time would be most advantageous. Many other states own such camps, and we have been criticized by the Militia Bureau for not keeping pace with them. If the State already owns any land that would be suitable for this purpose, or if any could be acquired at low cost, this emergency labor furnishes a means of clearing it, building roads, providing water supply and, possibly, erecting some buildings at a very low cost, as well as providing suitable and healthy work for the unemployed, especially unattached young men. Federal emergency or regular appropriations could be secured for further development. I consider that the terrain should measure at least seven by ten miles, in order to provide safe artillery ranges, or, preferably, ten by ten miles, and should be located either in the general vicinity of the Catskill mountains or the southern section of the Adirondacks.

In closing this report to Your Excellency, I cannot refrain from expressing the appreciation of the entire New York National Guard for the unremitting interest, understanding, and assistance that you have given us during your two terms as Governor of New York State. We feel confident that you will carry those attributes to the higher position to which the people of the United States have almost unanimously called you, and we dare to express the hope that as commander-in-chief of all the armed forces of the nation you will retain a special interest in that part of those forces which is the New York National Guard. We have every confidence, also, that the assurance is ours of a continuance of your policy of interest and assistance at the hands of the incoming Governor, and in that confidence we pledge our efforts to an increasingly efficient and successful Guard.

WILLIAM N. HASKELL,

Major General

APPENDIX B

Report of the Commanding Officer, New York Naval Militia

- 1. In accordance with provisions of paragraph 6, R-80, Regulations Military Forces of the State of New York, the following report of the affairs of the New York Naval Militia for the twelve months ending November 30, 1932, is submitted:
- 2. Strength. The strength of the New York Naval Militia as of December 1, 1931 was 1,740 as compared with 1,637 on December 1, 1932. This slight shrinkage is a fluctuation believed to be principally due to more exacting and higher educational requirements than heretofore exercised.
- 3. Attendance. The 1932 average attendance at drills was 82 per cent as compared with 71 per cent in 1931. In view of the fact that only 56 men per Fleet Division received Federal drill pay, and in the case of Marine Corps Companies, drill pay has been completely abolished, it is gratifying to report this increased attendance upon required duties.
- 4. Small Arms Firing. The year 1932 produced 262 Marksman qualifications as compared with 172 in 1931. The attendance at these exercises was 1,151 in 1932 as compared with 1,100 in 1931. Weather conditions were conducive to better work during the current Small Arms year, and there was a slightly better turnout for the exercises as noted above. The average Figure of Merit for all units was 60.5 during the year 1932 as compared with 52.9 for the previous period. The Brigade Match was again won by the 3rd Battalion. All of the larger organizations had representation in the Cruikshank, Rogers and Wingate competitions. There was a marked improvement of scoring over the previous year.
- 5. Training Duty. The annual training cruise for the year 1932 was abandoned in favor of rigid application of Federal economy measures with regard to Naval Reserve activities. It was gratifying, however, to report the performance of voluntary training duty without pay therefor, by 215 officers and men who served for varying periods on board the U. S. S. Wyoming; U. S. S. Goff and U. S. S. Bainbridge, which vessels are units of the training squadrons. It is hoped that there will be favorable action by the Congress toward the provision of this necessary portion of the work performed by our people.
- 6. Week-end Cruises. There was a total of 97 week-end cruises engaged in on various types of ships during the summer period. A collective total of 12,280 miles was steamed by these ships. A collective total of 1,825 officers and men participated in these cruises. In many instances, on account of unemployment, the performance of this duty was a relief to the individuals participating, and resulted in valuable training for a larger number of men than

[43]

heretofore. There is a continued interest in the use of small boats, which tends to produce better seamanship on the part of enlisted personnel, and is productive of sound initiative.

7. Naval Academy Appointments. During the year 1932, two members of the New York Naval Militia won admission to the United States Naval Academy. The successful candidates were:

1st Battalion, 4th Division—FERGUSON, James W., S2c, F-1 9th Battalion, 11th Fleet Divn.—OELHEIM, Bennett C., S2c, V-1

A similar number of men entered the Naval Academy in 1931.

8. General Efficiency of the Brigade. The Annual Merit Ratings by the U. S. Naval Reserve Inspection Board of the Naval Reserve of the entire United States for the year ending June 30, 1932, tabulate as follows for the New York Naval Militia:

Battalions:			entire Naval I	U.S.
Organization	Commanding officer	Location	This year	Last year
3rd Battalion	Capt. W. J. Graham. Lieut. S. Scott. Comdr. J. T. Kane. Capt. T. Nelson.	Rochester Whitestone Brooklyn	. 5 . 8 . 13	21 7 19
Divisions: Two highest Naval Mili 15th Fleet Division 11th Fleet Division		Oswego Buffalo	4 5	2 7

9. During the calendar year it is believed that due to a concerted effort built up within the entire command, there has been a marked improvement in the relationship of this command with the Navy Department. Every effort has been made by all concerned to overcome friction by arbitration where necessary with respect to conflicting policies as regards administration or the training of personnel. It is felt that a very definite improvement has resulted.

F. R. LACKEY,

Rear Admiral, N. Y. N. M.

Standing in

APPENDIX C

Changes in Organization and Personnel, Field Training Dates, Service School Graduates, Small Arms Matches, Awards or Decorations, Strength Tables

The following changes in organization occurred during the year:

1. By General Orders No. 1, dated February 5, 1932:

a. Battery B, 156th Field Artillery, N. Y. N. G., stationed at Kingston, N. Y., disbanded, effective February 14, 1932. b. Battery B, 156th Field Artillery, N. Y. N. G., reorganized, with station at Poughkeepsie, N. Y., effective February 15, 1932.

2. By General Orders No. 2, dated February 18, 1932, effective

March 1, 1932:

The station of Headquarters 3rd Squadron, 121st Cavalry, N. Y. N. G., was changed from 236 West Jefferson street, Syracuse, New York, to 145 Culver Road, Rochester, New York.

3. By General Orders No. 5, dated May 9, 1932:

a. The station of the 14th Fleet Division, 3rd Battalion, N. Y. N. M., was changed from Niagara Falls, N. Y., to Buffalo, N. Y., effective June 1, 1932.

b. The station of Headquarters, Ambulance Battalion, 102nd Medical Regiment, N. Y. N. G., was changed from Syracuse, N. Y.,

to Albany, N. Y., effective November 19, 1930.

c. The 121st Cavalry, N. Y. N. G., was assigned to 51st Cavalry Brigade, N. Y. N. G., by amending General Orders No 3, this office, dated February 15, 1928.

4. By General Orders No. 9, dated August 5, 1932:

Headquarters Division of Battalion organization in the New York Naval Militia redesignated Headquarters and added to Battalion Headquarters authorized by existing regulations.

5. By General Orders No. 10, dated August 8, 1932:

The 3rd Battalion, New York Naval Militia was reorganized as follows:

a. The 12th Fleet Division (Dunkirk), 13th Fleet Division (Watertown), and 15th Fleet Division (Oswego) were designated Separate Divisions and attached to Brigade Headquarters, New York Naval Militia.

b. The 11th and 14th Fleet Divisions stationed at Buffalo, N. Y., were constituted a new battalion to be known and designated as the

9th Battalion, New York Naval Militia.

National Matches

No National Matches were held at Camp Perry, Ohio, in 1932.

CORPS AREA MATCHES

(a) The team which represented the New York National Guard in the Second Corps Area National Guard Pistol Team Match for the Rhinelander Trophy, held at Sea Girt, New Jersey, was composed of the following officers and won the match with a percentage of 92.14:

Captain:

Lieutenant Colonel Henry E. Suavet, Headquarters 27th Division.

Coach:

First Lieutenant Leo W. Dufort, 105th Infantry.

Principals:

Captain Alfred Huddelson, Jr., 156th Field Artillery. Captain Lynn D. Wallace, 174th Infantry. First Lieutenant John R. Cavanaugh, 104th Field Artillery. First Lieutenant John E. J. Clare, Jr., 258th Field Artillery. First Lieutenant Alfred N. Gormsen, 102nd Engineers. First Lieutenant George C. Knight, 174th Infantry. Second Lieutenant Howard J. Billings, 108th Infantry. Second Lieutenant Ralph H. Bunting, 101st Cavalry.

Alternates:

First Lieutenant Edmond N. Carples, 107th Infantry. Second Lieutenant Stephen L. Kovacs, 71st Infantry. Second Lieutenant Daniel Livingston, 71st Infantry.

(b) The Luquer Pistol Team Match, Second Corps Area, for teams of five officers from the Regular Army, National Guard and Organized Reserves, was held at Camp Dix, N. J., on June 25, 1932, and was won by the Regular Army Team with a score of 96.07%; the Organized Reserve Team with 95.27% was second and the National Guard Team with 93.99% was third. The National Guard Team was headed by Brigadier General Frederick M. Waterbury, N. Y. N. G., Retired, and included the following officers from this State: Captain Lynn D. Wallace, 174th Infantry, First Lieutenant John R. Cavanaugh, 104th Field Artillery, and First Lieutenant Alfred N. Gormsen, 102nd Engineers.

(c) The Inter-Divisional (The Gillmore Trophy) Match was held at Sea Girt, N. J., and was won by the 44th Division, N. J. N. G., in a field of eight teams; the 27 Division, N. Y. N. G., team

finished sixth.

(d) The East Coast Pistol Team Match (The Old Oaken Bucket).—This was a new match for teams of five firers, one alternate and a Team Captain from the Regular Army, National Guard and Organized Reserves and was for a trophy presented by Lieutenant Colonel Charles W. Stark, Ordnance Officer, 44th Division N. J. N. G. The 27th Division N. Y. N. G. team composed of the following named officer and enlisted men had the honor of being the first winner of this match with a score of 1209: First Lieutenant Alfred N. Gormsen, 102nd Engineers, First Sergeant Ralph L. Adriance, Headquarters Battery and Combat Train, First Battalion, 104th Field Artillery, Sergeants Richard A. Devereaux, Company G, and Elbert Norling, Company C, 107th Infantry, and Private first class Pedro H. Agramonte, Company G, 107th Infantry.

Detailed report of Corps Area Matches (National Guard) will be found in General Orders No. 14, Headquarters New York

National Guard, November 22, 1932.

UNITED SERVICES OF NEW ENGLAND MATCHES

The New York National Guard competed in several matches of the United Services of New England tournament held at Camp Curtis Guild, Wakefield, Massachusetts, August 7th to 12th, 1932. A team composed of the following officers and enlisted men of the 87th Brigade, then at Camp Smith, was formed on very short notice:

Captain:

First Lieutenant Frederick W. Ellis, 174th Infantry.

Coach:

Captain Lynn D. Wallace, 174th Infantry.

Principals:

First Sergeant Kenneth H. Kemp, Company D, 71st Infantry. Sergeant Albert L. Horn, Company F, 174th Infantry. Sergeant Harry A. James, Company E, 174th Infantry. Sergeant Michael A. Revisto, Company G, 71st Infantry. Sergeant John J. Vidovitch, Company K, 71st Infantry. Sergeant Herbert G. Wolff, Company K, 174th Infantry.

While this team won none of the team events, several of the members won skidoo medals and Captain Lynn D. Wallace, 174th Infantry, was high National Guardsman in the President's Match with a score of 141, which gave him ninth place and a medal.

State Matches

Prizes and trophies were won this year as follows:

NATIONAL GUARD

- (a) State Match.—Won by 102nd Engineers, score 3,724; value \$300.
- (b) Headquarters Match.—Won by 102nd Engineers, score 1,583; value \$100.
- (c) 53rd Brigade Match.—Won by 105th Infantry, score 1,555; value \$100.
- (d) 54th Brigade Match.—Won by 107th Infantry, score 1,586; value \$100.
- (e) 87th Brigade Match.—Won by 71st Infantry, score 1,567; value \$100.
- (f) $93rd\ Brigade\ Match.$ —Won by 165th Infantry, score 1,526; value \$100.
- (g) Figure of Merit Prizes.—53rd Brigade, first prize won by Company G, 10th Infantry (69.49), value \$100; second prize won by Company I, 10th Infantry (55.), value \$75; third prize won by Company F, 10th Infantry (50.73), value \$50; 54th Brigade, first prize won by Company K, 108th Infantry (75.40), value \$100; second prize won by Company K, 107th Infantry (64.10), value \$75; third prize won by Company F, 108th Infantry (54.), value \$50; 87th Brigade, first prize won by Company K, 71st Infantry (51.74), value \$100, second prize won by Company E, 174th Infantry (50.06), value \$75; third prize won by Company I, 174th Infantry (44.78), value \$50; 93rd Brigade, first prize won by Company I, 14th Infantry (40.44), value \$100; second prize won by Company A, 165th Infantry (32.76), value \$75; third prize won by Company E, 14th Infantry (32.76), value \$50; 51st Cavalry Brigade, first prize won by Troop K, 121st Cavalry (39.85), value \$100; second prize won by Troop I, 121st Cavalry (37.76), value \$75.
- (h) Adjutant General's Match.—Won by Company B, 102nd Engineers with a score of 401.

- (i) Governor's Cup Match.—(Skirmish Run).—Won by Private James A. Fitzgerald, Company L, 107th Infantry, with a score of 98.
- (j) Thurston Memorial Match.—Won by First Lieutenant Alfred N. Gormsen, 102nd Engineers, with a score of 178.
- (k) Sayre Trophy Match.—Won by Second Squadron, 101st Cavalry, with a score of 92.24.
- (1) General Richardson Trophy Match.—Won by Headquarters Battery and Combat Train, 1st Battalion, 104th Field Artillery with a score of 89.91½%.

- 10 Officers were placed on the Retired List.
- 215 Officers became separated from active service, as follows:
- 137 Resigned.
- 51 Transferred to the National Guard Reserve at own request.
- 18 Died.
 - 6 Retired at 64 years of age.
 - 1 Discharged without honor.
 - 1 Discharged, physical disability.
 - 1 Dropped for absence without leave.

SUMMARY OF CHANGES IN COMMISSIONED PERSONNEL, NAVAL FORCES

During the year ending December 31, 1932, the commissioned personnel of the naval forces of the State was affected as follows:

11 Promotions.

3 Appointments from Enlisted Men. 22 Appointments from Other Sources.

5 Were Commissioned on the Reserve List.

41 Officers became separated from active service, as follows:

34 Resigned.

- 1 Died.
- 2 Dropped for absence without leave.

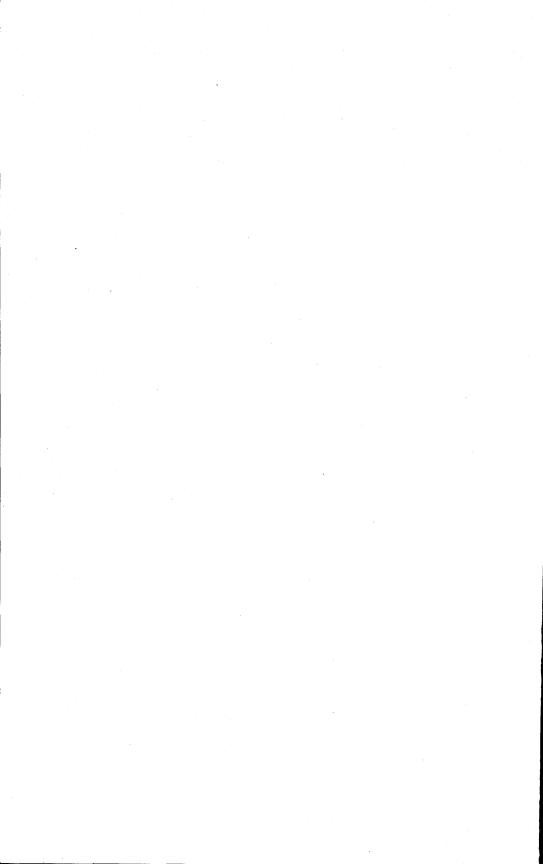

4 Retired at 64 years of age.

REGISTER OF OFFICERS

(None published for the year 1932)

Complete Military and Naval History of Officers of the Militia of the State of New York Who Were Discharged, Dropped or Who Died During the Year 1932 and So Stood On December 31, 1932

ABBREVIATIONS

Note.— Unless otherwise specified, where an organization is shown in this register as 10th Infantry, 106th Field Artillery, etc., it will indicate a REGIMENT of Infantry or Field Artillery, etc. Letters or numbers in parentheses, viz.: (A) or (28) indicate unit of organization to which officer is assigned. The term "organization" will mean the regiment, brigade, division or higher command, also separate battalions, squadrons, companies or naval divisions. The term "unit" will mean the battalion, company, troop, battery, detachment or naval division of a regiment, brigade, division or higher command or of a separate battalion or squadron.
